PROFESSIONAL SUMMARY

Video Editor and Graphic & Branding Designer with **2+ years** of experience producing short-form and long-form video content, reels, and promotional videos for social media. Skilled at turning raw footage and creative concepts into polished, high-retention content through strong hooks, pacing, transitions, and motion graphics. Proficient in **CapCut, Canva, and AI-assisted production workflows (Gemini, Higgsfield, ElevenLabs)**, with a graphic design and branding background built through freelance work and design internships that carries consistent visual identity across every deliverable. Comfortable working independently in a remote, deadline-driven, part-time capacity.

SKILLS & TOOLS

Video & Motion: Video Editing & Reels, Motion Graphics, Kinetic Typography, Transitions & Effects, Video Hooks & Pacing, Short-Form & Long-Form Editing, CapCut, Canva

AI-Assisted Production: AI-Assisted Content Creation, AI-Assisted Visual & Video Generation, Google Gemini, Higgsfield, ElevenLabs

Graphic & Brand Design: Graphic & Logo Design, Brand Identity Design, UI/UX Design, Figma, Canva

Content & Strategy: Social Media Content Strategy, Visual Storytelling

EXPERIENCE

Operations & Media Manager — Just Move LLP

Jun 2026 – Present

- Create and edit short-form and long-form Instagram Reels and video content, focused on strong hooks, pacing, transitions, storytelling, and audience retention, grew followers by **1,000** in a single month and produced the account's top-performing reel to date at **24K** views.
- Transform creative briefs and ideas into polished, publish-ready video and graphic content, from concept through final production.
- Experiment with social media trends and high-performing content formats to continually improve engagement and reach.
- Use AI-powered creative tools (Gemini, Higgsfield, ElevenLabs) to generate visuals, voice, and enhance the video production workflow.
- Design social media posts, stories, banners, and promotional creatives, plus logos and complete branding materials, maintaining a consistent visual identity across platforms.

Freelance Graphic & Video Designer — Remote

2024 – Present

- Design **logos, social media posts, reels, and mood boards** for a range of independent clients, managing each project from concept through final delivery.
- Maintain consistent visual identity and brand voice across deliverables while adapting style to each client's needs and target audience.
- Communicate directly with clients to scope projects, gather feedback, and deliver revisions on tight deadlines.

Graphic Design Intern — Codexcue

Jun 2024 – Sep 2024

- Created graphic design deliverables and assisted with visual and branding projects during the internship.
- Supported the design team in developing social media creatives and marketing visuals.
- Applied typography, composition, and layout principles to produce client-ready design assets.

PROJECTS

Just Move LLP — Full Brand Campaign | Reels, Instagram Posts & Promotional Video

- Led a full content campaign covering Instagram Reels, feed posts, stories, and promotional videos under one consistent visual identity.
- Handled the complete production pipeline, concept, filming/sourcing, editing, motion graphics, and publishing.
- Built a cohesive brand look across every format, from short-form video to static posts and promotional creatives, helping drive 1,000 new followers and a 24K-view top reel in one month.

Taleverse — AI Storytelling & Video Production | Self-Initiated Project

- Building an AI-assisted short-form storytelling universe for Instagram Reels, TikTok, and YouTube Shorts, from concept and character design through episode structure.
- Currently in production with 5 series live, each running roughly 10–15 short episodes of 15–30 seconds, edited for pacing, hooks, suspense, and viewer retention.
- Producing full branding for the series, logo, visual identity, and character design, using ChatGpt, Gemini, and Trimz.

GRAPHIC DESIGN & BRANDING

- Created logos and complete visual identities for brands and digital projects; designed reel covers, banners, ads, and promotional graphics.
- Developed branded templates to maintain visual consistency across platforms, applying typography, composition, hierarchy, and visual storytelling principles.

EDUCATION

Bachelor of Science in Software Engineering

Sep 2022 – Jun 2026

Air University, Islamabad

KEY STRENGTHS

- Strong eye for visual aesthetics, branding, and combining video, graphic design & storytelling into cohesive content
- Deep understanding of hooks, pacing, and audience retention, with strong attention to detail and structure
- Fast learner of new creative and AI tools; comfortable working remotely and managing multiple creative tasks and deadlines
